ABOUT

I'm a front-end web developer who uses CSS, JavaScript and React to to build creative and intuitive applications and pages. I apply my strong communication and collaboration skills from my previous experience as a teacher and theatre-maker to be an effective team-member and leader.

SKILLS

HTML5 | CSS3 | Javascript (ES6)
React | JQuery
Firebase
SASS
RESTul APIs
Version Control with Git & GitHub
Responsive Design
PSD Conversion
Paired Programming
Web Accessibility Requirements

WORK EXPERIENCE

2019-21

QKids
EFL Teacher
- *Taught English to students based in China between the ages of 3 and 15.*
- *Developed teaching strategies to navigate the challenges of remote teaching and a language barrier.*
- *In the top 5% of teachers in terms of parent satisfaction.*

2019

London Oratory School
Learning Support Assistant
- *Assisted students with a range of learning barriers and disabilities.*
- *Provided a scaffolding for learning through in-class support and pre-lesson prep sessions.*

2018

PonyDog Productions
Dramaturge, performer and writer
- *Wrote in-fiction materials for the audience to find and investigate as they experienced the show.*
- *Ensured consistency of the text and provided feedback to the lead writer through regular stand-ups, meetings, and co-writing sessions.*

PROJECTS

Movie Picker
RESTful API, JS, SASS
- A JavaScript App that allows users to select a movie genre and decade, and find the most popular movies in that genre of that decade.

MU//TH//UR Personnel Terminal
React, Firebase, SASS
- Character sheet tracker for the ALIEN Role Playing Game, using firebase to allow users to save and retrieve character information.

Out of Context Movie Spoiler
React, RESTful API, SASS
- React-based web app that cross-references two APIs and allows a user to search for a movie and delivers a GIF-based plot summary.
